IMPORTANT JUNIOR TEAM TENNIS INFO-- SEVERAL CHANGES

All coordinators, coaches and team parents that need to have access to Tennis Link for any reason, (accessing captains phone numbers, assessing schedules, score reporting, etc.) must go through USTA's Safe Play Training and Background check after April 1, 2014. If you were a team parent in 2016 or 2017 your Safe Play is still active. New parents will have to complete both sections of Safe-Play and while it should only take about thirty minutes online, the background check takes ten days.

Defaults: Teams will still have to have a minimum of 4 players and must guarantee that there will be at least three players available to play EVERY week. Defaults are not acceptable. State Championships will require only three players to attend.

Match times have changed because of the change to one singles and one doubles. Players can play either singles or doubles but not both on the same day. No staggering of matches and this reduces the time parents have to wait for matches to begin. If scores are not entered within three weeks, CTA will default the scores.

Ten and under players that have not played before 2018 will be part of Youth Progression. They will earn points each year they play. There is more information on Youth Progression on Coloradotennis.com/Junior League Tennis

Information on levels of play, team parent guide, 2018 Information sheet, release forms and registration forms are available. Forms can be requested by emailing jeannegrhoa@outlook.com. A packet of the forms is also available in the office and in a mailbox at the front door titled Tennis forms.

I have moved the registration date to an earlier time to give team parents time to register with safe-play and for time to find additional players if we need to add players to make teams. NO registrations will be accepted after April 13th and NO team will exceed 6 players unless approved by the team parent.
